We’re solving the PUZZLE

Pine Ridge Simbrah acknowledges the great contribution and continuing contribution of Simmental and Fullblood Fleckvieh breeders for providing significant genetic qualities. We recommend breeding Fleckvieh to Simbrah to produce 3/4 x 1/4 Simbrah and breeding these great crosses back to 3/8 x 3/8 Simbrah to produce, pedigreed Simbrah, that produce the finest hot weather meat and milk cattle available.

THINK FLECKVIEH X SIMBRAH FOR THE HUGE WARM WEATHER GRASSLANDS OF THE WORLD.

www.simbrah.com

Three decades ago, we identified the pieces of the beef production puzzle. We specified a plan that would allow us to reach a number of goals necessary to improve the productivity of the beef industry. We felt that it would realistically take 40 years to solve the puzzle and we were willing to commit the time, resources and discipline to doing so.

During this time we have fed over 3,000 head of steers, harvested data, evaluated the results with meticulous attention, identified cattle to keep and those to cull, and developed matings that would move us towards solving the puzzle.

We established many goals and all those are listed on our web site, which we encourage you to visit. One very important part of our puzzle relates to carcass with the following as our goal:

- ENVIRONMENTAL CATTLE TO PROSPER IN THE WARMER CLIMATES OF THE WORLD
- HEART HEALTHY PRODUCTS WITH LOWER SATURATED FAT
- A 1,350 POUND STEER AT 15 MONTHS OF AGE WITH LOW GRAIN TO WEIGHT RATIO
- CARCASS TENDERNESS AND CHOICE BEEF - NO STANDARDS, NO PRIMES, ALL YG1, YG2 AND YG3
- SMALL HEAD, MODERATE BONE TO ACHIEVE 65% RED MEAT

Data for several years is available on our web site, but our most recent harvest data is included to the right. We are solving the puzzle in a shorter time frame than we thought possible.

PINE RIDGE STEERS
fed at GRAHAM LAND & CATTLE

Average Carcass Weight 804.3 lbs.

REA 14.9 sq. in.

Graded 100% Choice, with no Prime and no Standard. Choice offers a very pleasant and nutrient rich eating experience and decreases saturated fat by over 50%.

Average YG 2.3, 100% YG 1, YG 2 and YG 3.

THE DATA SAYS WE HAVE SOLVED THE PUZZLE!
We believe in our cattle’s environmental adaptability to the warm and humid areas of the world. Seventy percent of the cattle produced in the world are raised in warm weather climates. For heat resistance, we breed our cattle to be black hided, red haired and blaze faced. We stress production traits with high weaning and yearling weights.

A live calf is the number one economic trait for beef cattle and Pine Ridge Ranch Simbrahs are outstanding in their ability to calve easily and breed back quickly.

PINE RIDGE SIMBRAHS produced in our program

For more information on these young bulls, our specification plan and our program in general, visit our web site www.simbrah.com

www.simbrah.com

Visitors are always welcome at Pine Ridge Ranch. Give Jane and I a call or email to visit the ranch and view our continued progress with this great Simbrah breed.

to the 15th Anniversary Edition of the Fullblood Simmental Fleckvieh Federation Membership Directory, with a special welcome to all the new members.

Since our last issue, when we were wondering if there would be an economic recovery, we now know the answer is YES – but much slower than we would like. The good news, however, is that cattle prices have recovered and are providing the commercial man with the prices he deserves. This has flowed slowly over to the prices for our Fullblood cattle with very active bull sales.

The negative side has been the weather. Pretty much everywhere in North America we have been experiencing either drought or flood, cold or heat, storms or fires, and in some cases all of those, which has not helped with the cost side – since we have now improved the revenue side.

Your Directors have been working hard to support and advertise Fullblood Fleckvieh sales and shows. In particular, we have been continuing solid support with the existing shows and sales such as the North American International Livestock Expo (NAILE) in Louisville, Ky., where we have had three independent Fullblood shows, and for the first time, this last year we had a very successful Fullblood section in the Kentucky Simmental Association sale at that venue. If any members would like to initiate a show or sale in their area, please contact the FSFF office or anyone on the Board and we will try to help, with both organizing and financially.

Another initiative is to support the youth and make it possible for them to show Fullbloods, such as we did this year when we were invited to include a Female Fullblood Division in the AJSA Eastern Summer Classic in Morehead, Ky., and the AJSA National Classic in Sedalia, Mo.

To help these shows and sales and to provide more advertising for our cattle, we are supplementing our income that usually comes from new Memberships and the Directory ads placed by members by holding donation auctions at some of our regular sales. This has greatly expanded our capabilities to expand our activities. I would like to personally thank all the people who donated and bid on items, which shows so well their enthusiastic support of the breed. We also introduced a tri-fold brochure which explains what Fleckviehs are and what they can do.

The main objective of the FSFF remains to explain the benefits of using Fullbloods and Fleckvieh cattle in any cross breeding program. The FSFF Directory is one of the most important tools to promote our breed by distributing it as widely as possible, domestically and Internationally. We hope the Directory will provide useful information to our members and will help them promote their own programs. If owners and breeders need extra copies of the Directory or the tri-fold brochure to distribute in their area, please contact Faith in the FSFF office.

As we did last year so successfully, we will again hold our FSFF Annual General Membership Meeting on November 14, 2011, at 11:30 AM at the NAILE. We hope to see you there! So until then, all the best to all of you.

Ron Nolan, President
“The Pinnacle”
FSFF International Fullblood Simmental Show

North American International Livestock Exposition
Tuesday, November 15, 2011 • 5 p.m
Broadbent Arena • Louisville, Kentucky

Hotel Headquarters:

Pasture Treasures Female Sale
August 17, 2012
Dan & Karen Skeels
Mackenzie & Garren
Our entire herd is Full South African Fleckvieh and all breeding females have been retained over the past 13 years.

Importing from South Africa since 1997, we selected for extreme quality rather than volume in numbers. We also selected for the amount of actual South African content in the pedigree. This proved difficult as they also imported new blood from Germany and Austria.

The genetics in this herd are exclusive and somewhat unknown to most. Because of our strict attention to economic traits and quality, the sires used come from within the herd or from my brother Ron’s herd of Salmon Arm Fleckvieh.

For more information feel free to contact us and view the cattle in video on our website; updates to come.

P.S. Our 2011 bull sales have averaged $4540.

***This herd is also for sale as a package.

“Success only comes before work in the DICTIONARY.”

For over 40 years, our philosophy of breeding great seedstock has remained the same. Select the most proven and potent foundation females and create a genetic compilation that is second to none. Our pride and joy, has been the great herdsires [the product of our elite female base] that have impacted the breeding programs all across North America and worldwide. These bulls have the cow power behind them! Our “QUEENS OF THE PASTURES” continue to work hard to create the next generation of genetics that will be available to impact your breeding program. We are only a phone call away to discuss your needs.

“How SUCCESS depends on our cows’ hard work.”

It is only appropriate that we take the time to honor Brink Clarinda for her tremendous generating ability and influence to the Brink Fleckvieh Program. Clarinda is a non-dilutor and is 16 years old. Check our website for more detailed information on Clarinda’s influence along with our other dominant cow families.

Breeding Stock For Sale Private Treaty.
An interested group of Fullblood Simmental cattle breeders met on February 11, 1996 in Jackson, MS. to talk about how to promote our Simmental breed. Thus was born the idea of the American Fullblood Simmental Marketing Committee.

The original AFSMC Mission Statement was as follows:

The American Fullblood Simmental Marketing Committee has one major goal: The advancement of Simmental cattle with specific focus on fullbloods. The Committee will coordinate advertising, design programs and materials to assist in the development, promotion and marketing of Fullblood Simmentals.

The first AFSMC General Membership Meeting was held on July 27, 1996 in Ft. Worth, TX. Officers elected at that meeting were as follows:

Chairman - Fred Schuetze, Vice Chairman - John Wood, Secretary - Dale West and Treasurer - Greg Hudspeth.

Charter Members included: Jim Bennett, James Crow, Dr. Ralph Connell, Dr. Steve Demetropoulos, Mike Fetter, Tim Fields, Archie Fleming, Bill Johnson, Mark Justice, Martin Lynn, Dr. Lee McKellar, Dr. R. D. Messer, Fred Schuetze, Sambo Sewalt, Emil Stange, Dr. Gary Taylor, Brad Wahlert, Dale West, John & Loti Woods, and Gary Woodring.

The initial legal name of the organization was changed in 2001 to North American Fullblood Simmental Marketing Committee. Later, in 2004, to encompass the Fullblood breeders in Canada, the Board of Directors voted to change the association’s name to Fullblood Simmental Fleckvieh Federation.

The AFSMC’s first sponsored Fullblood Sale, “The Fullblood Roundup”, was held on July 17, 1999 at the Old Stockyards in Ft. Worth, TX.

Total Lots: 31.5 - Gross: $133,000 - Average: $4,222.

Volume Buyers: Buzzard Hollow Ranch, TX and Rancho El Sauzal, Sonora, Mexico.

High Selling Lot: Full Fleckvieh, South African Bull, BHR’s Doorn G629E for $31,000 (1/2 interest) to Ricardo Alcala of Rancho El Sauzal.

Above: Members in attendance at the AFSMC informational meeting held in Russellville, AR on August 22, 1997.

Pictured above in no particular order: Art Jensen, John & Jeannie Scorse, Randy & Robin Marshall, Wade & Melanie Thibideau, Sambo Sewalt, Doug Parke, Joe & Mary Prud’homme, Horace Beavers, Dr. R. Connell and many others.
The following tribute was etched onto the award plaque for the 2011 Fred Schuetze Fullblood Fleckvieh Federation Award which is awarded annually for "Outstanding Service to the Betterment of Fullblood Fleckvieh Simmental Cattle". This year the plaque was presented by FSFF Vice President Dr. P. Mikell Davis to Fred Schuetze, who received the acknowledgement on behalf of the Founding Fathers on May 14, 2011, during Buzzard Hollow Ranch's Designer's Classic sale in Granbury, Texas.

THE FOUNDING FATHERS OF THE AFSMC
WHO BRAVELY BLAZED THE TRAIL
A formidable group of twenty
February 11, 1996 – Jackson, Mississippi

To Cowtown and the FULLBLOOD ROUNDPUP
July 17th, 1999, at the historic Fort Worth Stockyards

The AFSMC will also be displaying and promoting Fullblood Simmentals at the Houston Livestock Show and Rodeo, February 22-25, and will host a meeting of the committee during this schedule.

For more information on these events, a listing of Fullblood Simmental breeders, and upcoming sales, please contact:

AMERICAN FULLBLOOD SIMMENTAL MARKETING COMMITTEE

Phone: 817/573-0957 • Fax: 817/573-0967 • Night: 817/579-5538

Make plans now to join us in Cowtown and add another cattle chapter to this town’s rich history. The American Fullblood Simmental Marketing Committee (AFSMC) will host a premier sale of 50 well bred, productive and high quality Fullbloods. This sale has been organized to re-establish Fullblood’s place within the breed, and you can be assured the members of AFSMC are committed to bring their best to this sale. Simmental breeders worldwide will want to evaluate this offering and the unique genetic combinations available in herd sires, embryos, donors, pairs, bredbs, and open females.

Bred to BHR Wentworth SA W516E
(SHIR Dustin x Ashenhope SA 1375)

100% Fleckvieh, Purebreds & Fleckvieh Influenced
Red & Black - Polled & Horned

Breeding Cattle to fit the box the old fashioned way - through genetics.

We at SEA SIMMENTALS extend a THANK YOU to the many lifelong seedstock breeders. By their hard work we can introduce this proven genetic, superior quality female.

Our newest donor prospect is SEA R XHO 403X.

Our Goals:
- Disposition
- Easy Keeper
- Solid Color Body
- Facial Pigmentation
- Non-Diluter & Polled

Visitors Always Welcome
Deep, broody, feminine females that milk - these are the kind of genetics you build a program around. 229P and her full sister 253P, are just two examples of the genetics leading the OSF program.

Contact us anytime. Visitors always welcome.

One Breed - One World • 39
MF Mr. Evan 14P

Sire: Bar 5 SA Evan 440L  
Dam: BHR Lady Suzette 207K

MF Mr. Evan 14P is a 100% South African solid-patterned, cherry red son of Bar 5 SA Evan 440L out of BHR Lady Suzette 207K, a donor cow sired by Kykso Aadau and out of Congosim Susi. He has two large goggles and shows tremendous body depth. He is thick, smooth and full of meat.

BW: 90 lbs  •  WW: 735 lbs.  •  YW: 1,360 lbs.

Frame Score 6.3, Scrotal (yearling) 38.5 cm.

He has a two-star Genestar rating for tenderness.

Ultrasound Scanning showed 2.43 IMF, .22 BF and 15.8 REA.

MF Mr. Evan 14P was purchased by Kent and Glenna Dollar at “The Quest VII” for $20,000.

Semen orders can be made to:

Fax: 1.519.986.4736 • Email: bar5admin@xplornet.com • Web: www.bar5.com
This young bull has been tested Homozygous Polled. His sire, Bar 5 P SA Expert 826M, is also the sire of Bar 5 SA Evolution 418S who has produced some outstanding calves. Expertise's dam, Gibby's Nabriska 16N, is known for producing excellent bulls herself such as Gibby's Real Deal (in use at Buzzard Hollow Ranch) and Gibby's Ultimate 29S (in use at Dollars Diamond D). Expertise is dark red, has outstanding feet and moves well. Look for some exciting calves coming this fall.

GIBBONS PPFF Expertise 33U

Offering semen shares at "The Quest" - Vol. XII Sept. 23 & 24, 2011

BAR 5 FF Right Way 1214X

Mitchell Lake Ranch
Jim Ethridge & Donna Adams • 9834 James Cemetery Road, Franklin, Texas 77856-5838
