a) FSFF 2024 Sale

The board proposed using Brian Valentine and Doug Parke (ASA) as sales managers. The first need is to determine facility cost. We would like to hold a dinner on the Saturday of the weekend and sell tickets. Cody with Transcon can act as a consultant. Kentucky breeders have offered to house cattle for shipping.

This will be a FSFF member only sale for consigning. Criteria will be Fullbloods only as registered through the ASA. A selection committee of at least 3 needs to be formed. Larry Maxey, Mikall Davis, Fred Schuetze and Terry Burks could be possible candidates. We would like a minimum of 50 live lots. Frozen genetics will be part of the genetic fundraiser along with an onsite silent auction.

A schedule of events will be developed. Plans will include workshops offered; one suggestion would be showmanship and fitting. Wade Schafer would be a great person to speak at a session on ASA. Corporate sponsorships would be needed to help with expenses as well as selling banners for the sale location and at Louisville. All show animals will remain at the NAILE and this would be an indoor video sale with DVAuction.

III. Adjournment

Genry Ellison adjourned the meeting. Next meeting planned for July 2023.
